Re: Utility Patent Filing
Application Number: 10/063,559
First Named Inventor: David C. Kulp
Method, System, and Computer Software for Providing A Genomic Web Portal
Attorney Docket No. 3291.7
Customer Number: 22886
Date Filed: May 2, 2002
Deposit Account No. 01-0431

When this patent application was filed electronically the Declaration and Assignment that were included in the application contained the incorrect spelling of the last name of one of the inventors, Liu Guoying, although his name was spelled correctly in the patent application itself. In order to correct this, I was instructed by the PTO to resubmit the Declaration and Assignment with the corrections made, where necessary, and send it via facsimile transmittal to the above fax number.

Attached are all pages of the Declaration and Assignment. Corrections were made by hand only on each of those pages where Mr. Guoying's name was spelled incorrectly. I was told there would be no fee for this correction, but I have listed above our Deposit Account No. for your use if necessary.

If you have any questions about this, please contact my assistant, Gilda Carr, at 781-280-1731.
